YACHT CLUB'S KINGSWAY NEW HQ OPENS 1972

Grimsby and Cleethorpes Yacht Club, formed 25 years, marked its silver jubilee by opening their own new HQ on the Kingsway at Cleethorpes.

Officials and guests heard the Mayoress of Cleethorpes, Mrs. J. O. Oslear, refer to the club's splendid new amenity at the resort and paid a tribute to club members who helped in rescue services.

A few minutes after declaring the new club open, members were able to assist in the rescue of four youngsters marooned in a small boat off shore.

The Commodore, Mr. A. Wilkinson, who introduced the Mayoress, said among those present was Mr. Frank Barrass one of the founder members.

The club, he said, now owned the premises as well as a clubhouse on the docks.

Their name was known through the British Isles due mainly to the many successes members had enjoyed in national and world championships.
